OUR DEFENSE FUND against ND AG

$1,000 of $50,000 goal

Raised by 7 people in 7 days

SEE THE UPDATES.

This was originally created to crowdsource funds to make up the money lost from sponsors scared off by North Dakota State BULLIES!

Now it's a defense fund. WE THE PEOPLE say NO!

A Magic City Christmas was an idea that was generated from a place of love, community and growth. The idea that when people get together beautiful things happen.

Turns out things that are done independently offering only love and devotion to community - love and unity are attacked from all sides for this event !

Why ?
Because the event was bold enough to invite our President.
Because our cast is diverse and has people that you wouldn't normally see under one roof.
Because the event is putting **CHRIST** back into **CHRISTMAS**!!

EXHIBIT
14
5:12-cv-01329

Who would do that? Someone who wants to flex their muscles and show their teeth.
Why? Because they are careless with emails.

What emails ? All of them but this one in particular. Not intended for our event - but we got it. They recalled it but we snapshot it.

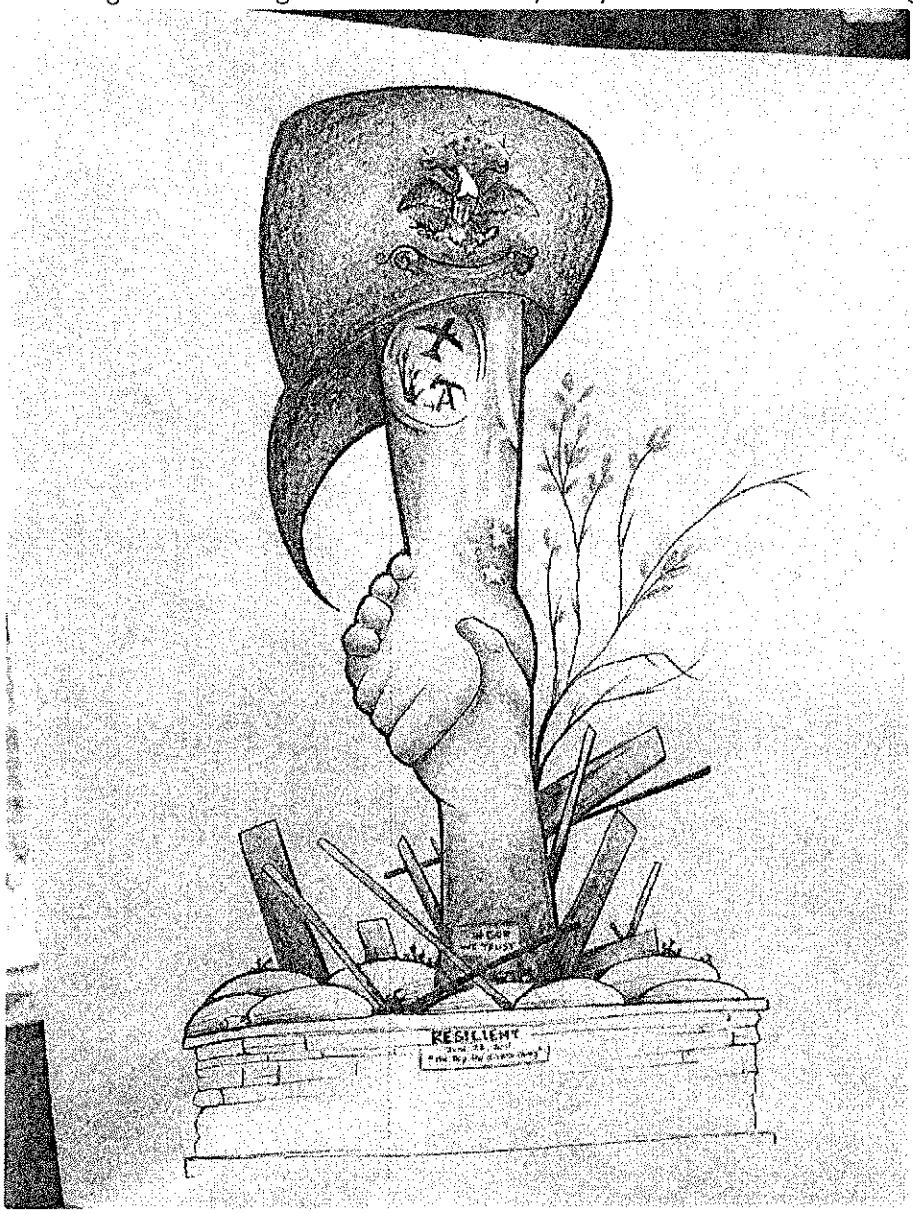
The information contained in this email message, and any attachments, may be privileged and confidential. It is intended only for the use of the individual or entity to whom it is sent. If you are not the intended recipient of this email message and have received it by mistake, please do not review, retain, disclose, or otherwise use the communication. Instead, we would appreciate it if you would notify Bank of North Dakota immediately by responding to this email. Thank you for your cooperation.

Imagine if you were coordinating a concert - not a pro. You open up ONE account just for everything to go through so it's accounted for. You give full access to anyone who's part of the concert who asks for it. **FULL TRANSPARENCY.** You get sponsors to help pay for the event costs right? Some paid the performers direct, some gave it to you and you paid the performers or marketing expenses ...
Your performers decide they will dedicate their profits to charities they chose and one specific thing that would be a gift to the city they are visiting. Here is the gift they wanted to give MINOT ND and why they asked their President to come and reveal it.

A commemorative monument to the 2011 Minot Flood! Haven't heard about it ? That's the point .
Minot ND was the "city the US left behind"
Almost 12,000 people displaced overnight and the sitting President didn't even visit.
Ask the people of Minot how they feel!
How they feel the Bank of ND treated them!

#ASKTHEPEOPLE

What a great cause right? That was the city's suprise. Cat is out of the bag now....



That's the sketch. The concert is supposed to pay for it. Made out of metal 20ft tall - just pure amazing stuff right? The performers were to donate it to the city - but if they didn't want it - we had a back up plan of a private property. Here's the backstory

OPEN SCHEDULING INVITE TO OUR PRESIDENT :

Invitation to the President of the United States for participation in "Magic City Christmas"

Dear Mr. President,

I sent you a handwritten letter on September 23, 2017 bringing to your attention the event I am coordinating in Minot, North Dakota on December 22, 2017. I personally tried to get your attention when you came to North Dakota earlier this month but I appreciate just how busy you are and your time here was limited. Nevertheless, I was pleased to see you and Ivanka - especially my daughter Phoebe who was able to spend a few stolen moments with Ivanka.

Minot, North Dakota is a special city. It is a city that protects, fuels and feeds America. In 2011, they were hit by adverse related circumstances that caused a flood of epic scale for the city. FEMA dropped the ball, the President at the time didn't even visit and almost 7 years later the city is still trying to rebuild.

In my letter to you and the Vice President, which was extensive and closer to length of a report, I detailed accounts of the residents of the city that still have open wounds making them feel that Minot, ND is the city the USA left behind. As mentioned in my letter to you, the city was charged with the task of a flood prevention plan but not just for the city, but the whole Souris River Basin. The city of Minot didn't complain once of the huge task that the fiscally strained city was assigned. They had faith that the federal government would help them. After the oil boom collapse, Minot was not in a healthy fiscal position - actually it was a very financially straining time. To summarize, the survey for the flood prevention plan itself took an abnormal amount of time- almost 5 years for the US Corp Engineers from start to finish. Almost seven years later and nothing has been started- it was time to take action. Today, Minot City taxes are on the rise in order to quickly break ground to implement the flood prevention plan since they have lost any faith that their federal government will help at all. Our city has just taken out a loan of 180 Million dollars to fund part of it (Phases 1-4 and no one knows what funding we will have for the next phases) and believe it or not there is NO FEDERAL cost share! The City of Minot just couldn't wait anymore so they were proactive, and do what they always do rely only on themselves, a cost that the city bears alone.

The people of Minot are proud and this is a pain point for them. They were too proud to make noise as most of D.C. and their senators made them feel bad for asking for help. They even created a lovely video in appeal. Thus, me a simple constituent - an average nobody is asking this of you.

On December 22, 2017 I will have amazing performers, media personalities, celebrities and sponsors to (www.facebook.com/magicctyxmas) help me raise funds to fund a commemorative monument to the 2011 flood (which the people of Minot will NOT know about until the end of the show. Christmas is all about surprises right?), our homeless charities in Minot as well as local schools and churches. As asked in my handwritten letter to you and the Vice President, I am respectfully requesting, you to reveal the engineer rendered images of the monument at the time of the event. The sketch of the monument to be 20ft tall made out of metal, is attached in this email.

Therefore, I would be honored to have you virtually (via Skype (but I would prefer in person)) to be part of our Concert of Giving.

Though, having said that, on Dec 22, 2017 if you, your family and the Vice President and his family decided to, it would be feasible for an incognito visit to Minot via the Minot AFB since at that time of year there will be tons of feet of snow and the local media will be preoccupied with the event, so this could be a very plausible plan. It would be the most amazing surprise a President could ever get. It would be a real Christmas gift that will be talked about for centuries. Personally, if this were to happen, I wouldn't even want to know. I would like to be surprised just as well.

If you would honor us by live (and anything you say would be perfect. Nevertheless, I would anticipate the opening phrase to the people of Minot be "Merry Christmas"- after all that was a campaign promise. In addition to that, possibly acknowledging their flood and struggles post flood as a sitting President would mean the world since the former President didn't even visit. The best gift to the city of Minot is hearing - I am hoping through this concert to help HEAL my city and maybe ask of you for some Christmas Magic? Thus, at this point I have to ask once again:

"Would you appoint a team to look into the federal cost share for our flood prevention plan and figure out why the survey took so long? It would mean the world to the people of Minot."

Attached is a soft copy of the invitation to the event. I will be sending one to you and our amazing First Lady, all your children as they are our First Family, Vice President of the United States Pence and Second Lady. A hard copy invitation will be coming

through via USPS by next week.

At this point, I would like to recognize the performers, news personalities, celebrities and influencers contributing their time and talent to this event. Palpably, our national sponsors should also be recognized because they value unity, community and diversity. They are the most amazing people I have been fortunate enough to connect with. They are humble and represent exactly what every American should aspire to be: Someone who contributes to their community in any capacity they can with gratitude, pride and sincerely. This is something I aspire to and every day seek to ensure my children do the same. They are proud Americans and believe in an America where we as a nation come together without quid pro quo - to be united under one flag, with one thought in mind: America First...and that can come to fruition if each and every American thought of their neighbor, city, state and country first in joyous moments as well as dire ones.

My late father was a wise man. Uneducated, but smart. A great businessman.

He said to me:
Even though you are one single person, with one single voice remember that you can make a difference because the difference of cup overflowing is one small single drop. Hence, with this event I am putting his exceptional advice to the ultimate test.

You and your family are in our prayers always. Thank you for all you do. Thank you for putting America First.

Warmest Regards,

[redacted]

DATE OF EVENT: DEC 22, 2017
TIME: 1900-2300

[redacted]

Who wouldn't get on board with sponsoring the concert and make sure everyone in the city attends?
No one. Not one big business!

The Minot coordinator would call around -
"Hi my name is xyz we are doing this awesome ...."
The response would be immediate:

"Who are you?"
"I told you my name"
"No who are you with?"
"ummm... myself. I am a resident here in Minot and I am helping make this happen"

"Our event is called Magic City Christmas I am not with anyone in particular..."
Sure send us info....

Apparently they all called around to see who, what, when after the emails. The comments flying around the city of Minot and back are "There is no way anyone is coming here".

That's kind of sad to hear isn't it.
People, well big businesses claiming their city isn't important enough...

We even disclosed the real drive behind the concert- this amazing monument. Who wouldn't back that?
Who would? Small businesses. The one's that suffered due to the flood. Not the big ones. It was like pulling teeth. All they wanted to know is

"How do you know them?" Seriously?
The response should have been "I'm in!"
"This will spruce my city's morale!"
"How can we help?"
NO - that's not how it went even though we all know it should've went.

The City of Minot even felt compelled to make this statement without telling us cause they wanted to be clear they aren't the sponsors for this.... Did we mention they didn't tell us?

Posted on: October 27, 2017

City of Minot not affiliated with Magic City Christmas event

A concert event scheduled for Dec. 22 in Minot billed as a Magic City Christmas has no affiliation with the City of Minot.

The event is scheduled to be held at the Minot Municipal Auditorium. The City of Minot is providing no support or funding, and is not a sponsor of the event.

"I have received numerous phone calls inquiring about the City of Minot's involvement with this event, including calls from local residents," said Mayor Chuck Barney. "We want to emphasize that while we certainly wish nothing but success for the organizers of this event, the City of Minot is not an organizer or sponsor."

While the Minot Municipal Auditorium is owned and operated by the City of Minot, the facility plays host to many public gatherings and private events.

For additional information or interviews contact the Public Information Office at 701-857-4727 or by email at pio@minotnd.org.

Ahhh... but that wasn't enough....

We know the city didnt intend to cause harm .. but hey small towns we're good. They knew our intent was good - no problem. We know that **now** after finally speaking with our Mayor... BUT WAIT there is more..

Suddenly with no due process a strong arm comes down telling you - you said you were a charity?
What? No one said that! When we stay strong arm... we mean strong arm!
Why because the **SWAMP** can. Why?

Spite - Disdain - and Racism.

Imagine one public agency using another public agency to attack you? Does that sound legal?
No. BUT ITS REAL. #ASKUS

We have all the proof! All the correspondence. Thank GOODNESS... and how does it go from zero to 100 in one day ? This accidental email...

You failed to mention one of your headliners is native.

Have you spoken with the board yet?

Sent from my iPhone

The information contained in this email message, and any attachments, may be privileged and confidential. It is intended only for the use of the individual or entity to whom it is sent. If you are not the intended recipient of this email message and have received it by mistake, please do not review, retain, disclose, or otherwise use the communication. Instead, we would appreciate if you would notify Bank of North Dakota immediately by responding to this email. Thank you for your cooperation.

Embarassing right? You would think it's 2017. The email was recalled - we have a snapshot... besides let's pretend you didn't send it. Then how did that board you are refering to come back with something like this:

While we happy to be recipients to the profits from your performers the tee shirts you bought for us and we signed off on design ... that you are DONATING to us so that we can raise funds for our charity ... well we aren't gonna sell them? WHAT?

Did you guys hear that? Every single sponsor said they aren't getting a penny. Do you know what the performers and the coordinators said NO. They will. They will get all the tangible items that will help the less fortunate cause that is what we promised to do. When you do good you don't want negativity right?

Wait there is more... Do you know that the local media in Minot puts out stories like "These women are here looking for Big Foot" #fact but not one peep about a concert with so much talent under ONE roof in ONE night in Minot ... which has NEVER happened before.
It's not like the local media is controlled by the public offices are they?

So we try to focus on the good. This is a Christmas Concert that the perfomers decided to give unconditionally and the **SWAMP** is trying to shut it down. "How dare she think to invite HIM- that MAN to our city?"

You mean the **President of our Country**? That would be an honor ! So we decided to reach out to you - so we don't have to rely on them.
Help us make this concert the loudest, the biggest but ...also help us shut their sharade down. The coordinators never wanted the limelight but the one public office used the other to shut the event

down. We need your help to strike back and show the SWAMP that we DO NOT WAIVER.
#WeThePeople No matter how small have a voice and #deepstate antics don't fly in any city or state no matter HOW big or HOW small.

We need help. We know the people of Minot would never support such actions.

We don't want bullies to tell us we can't have a Christmas Concert.

A Christian CONCERT!!!

A CONCERT so grand they try to shut it down.
It is an attack on Christianity, Diversity and most of all our **AMERICA! #MakeNDGreatAgain**
